

RFP Response: Swift Helpdesk Co

Procurement request: Customer Support Ticketing Platform Migration

Executive Summary

Swift Helpdesk Co provides the fastest and most affordable path to a modern ticketing system, ideal for budget-conscious teams.

Proposed Solution & Architecture

Pre-configured SaaS template with minimal customization. Standard integrations only (email, one CRM of choice). No custom development included.

Implementation Plan, Team & Milestones

6-week timeline: Setup (1wk), Configuration (2wk), Data import (1wk), Training (1wk), Go-live (1wk). Single implementation consultant assigned part-time.

Phase	Duration
Setup	1 week
Configuration	2 weeks
Data import	1 week
Training & go-live	2 weeks

Commercial Value

Total Year 1 cost \$72,000 for up to 150 seats. No customization included; add-ons priced separately.

Line item	Cost (USD)
Setup	\$12,000
Year 1 licensing	\$60,000
Total	\$72,000

Security, Compliance & Risk Controls

Standard cloud provider security. No specific certifications mentioned.

Support Model, Experience & References

Email support only, 48-hour response target. First enterprise-scale migration for this vendor; no references provided.
